

## Steps to Verifying Your AREN Membership Status

### Background

The Aggie Real Estate Network is a non-profit organization with paid memberships. Members must pay annual dues to remain in active membership status. Prior to December 2010 membership dues were paid on a calendar year basis. Beginning in December 2010, AREN introduced a new website and membership management system ([www.aggie realestatenetwork.org](http://www.aggie realestatenetwork.org)). The new system is capable of tracking initial membership date and subsequent renewal dates. In the future membership dues will apply from the initial join date and run for the following 12 months. When a member's anniversary date approaches, the system will automatically send renewal reminders so that members can pay their dues and not have to complete a new Membership Application.

One feature of the new website is that it tracks two levels of access. The first level of access is that of a **Site User**. **Site Users** are not required to pay membership dues to gain access to the site so their access is limited. **A Site User is NOT a paid member of AREN**. A registered **Site User** will receive AREN's Newsletters but they cannot access the Membership Directory, post resumes or post jobs.

The second level of access is for fully paid **Members** of AREN. **Members** have full access to all features of the website including Newsletters, the Membership Directory, Resume Posting and Job Posting. To become a member you must complete a Membership Application and pay annual dues.

### Registering as a Site User

Register with Aggie Real Estate Network - Windows Internet Explorer
